Designed to Improve
Public Health and the
Environment

Designed with the people, culture, and environment of New Orleans in mind, LDG Multifamily is proposing to develop a mixed-use, mixed income development with multifamily units, townhomes, and the potential for neighborhood commercial retail.

This development will reconnect and revitalize the surrounding neighborhood with a mix of uses, housing types, rentable and for-sale units, and safe complete streets. The total development investment is expected to be in excess of \$45 million.
