This document establishes the guiding principles, overarching business terms, and roles and responsibilities of IRC and HANO for the implementation of CNI; and

**WHEREAS**, the total amount of the Developer Fee Advance Loan shall not exceed \$74,160.00 for Winn Dixie Phase II though LIHTC application and award, and upon approval by HUD will be advanced per the Predevelopment Agreement; and

**Re:** Winn Dixie Phase II - Predevelopment Loan Agreement

---

The Housing Authority of New Orleans (HANO) was awarded the Choice Neighborhoods Implementation (CNI) Grant in 2011 to redevelop the last traditional standing housing development in the city, Iberville. Through a Request for Qualifications (RFQ) process, the Iberville Revitalization Company, LLC (IRC), a partnership between Historic Restoration, Inc. and McCormack Baron Salazar, Inc., was selected as the developer to implement the CNI Transformation Plan. The IRC and HANO have executed the Iberville/Tremé Choice Neighborhoods Initiative Implementation Agreement (Implementation Agreement), which serves as the governing Master Development Agreement for all components of the CNI Transformation Plan. This document establishes the guiding principles, overarching business terms, and roles and responsibilities of IRC and HANO for the implementation of CNI. The Implementation Agreement was executed by all parties on June 29, 2012.

The Implementation Agreement contemplates that when a rental housing phase is determined to be viable, HANO will provide the Developer a Predevelopment Loan for eligible third-party predevelopment costs for that phase. The parties have determined Phase II to be viable, subject to the allocation of Low Income Housing Tax Credits, which will be applied for in July 2017. Thus, a Predevelopment Loan Agreement has been negotiated with Winn Dixie Phase II LP (Developer), a Developer Affiliate of IRC, for Phase II, which is located at 1501 St Louis Street known as Winn Dixie (Eastern Adjacent). Phase II will consist of 64 total units, of which 32 will be market rate, 7 will be LIHTC units, and 25 will be public housing CNI replacement units. This phase is estimated to be complete by December of 2019. Additional anticipated permanent financing will include Low Income Housing Tax Credit equity, a private mortgage, and HANO Capital Funds.

This Predevelopment Loan covers 75% of the United States Department of Housing and Urban Development (HUD)-eligible and HANO-approved costs to be incurred prior to the award of Low Income Housing Tax Credits such as, Low Income Housing Tax Credits application fees, environmental studies, geotechnical reports, surveys, appraisals, market studies, and design fees

in an amount not to exceed \$93,844.00. The Predevelopment Loan is non-interest bearing and is non-recourse.

Additionally, the Implementation Agreement contemplates that when a rental housing phase is determined to be viable, HANO can provide the Developer a Developer Fee Advance loan for no more than fifteen (15%) of the expected Developer Fee for the applicable Phase calculated for the purposes of the Developer Fee Advance loan at twelve percent (12%) of the total development costs less reserves and the Developer Fee itself for that phase.

The Predevelopment Loan Agreement with Winn Dixie Phase II LP (Developer), a Developer Affiliate of IRC, also includes provisions for a Developer Fee Advance Loan to cover partial reimbursement of overhead costs that have been or will be incurred in connection with development of Winn Dixie Phase II through LIHTC application and award. The total amount of the Developer Fee Advance Loan shall not exceed \$74,160.00. The Developer Fee Advance Loan is non-interest bearing and is full recourse.

The entire principal amount of the Predevelopment Loan and Developer Fee Advance Loan shall mature and be due and payable upon the maturity date of July 1, 2018 or at closing, whichever is earlier.
