The selected bidder will supply HANO with the items specified herein at the unit prices contained herein. HANO provides no minimum purchase guarantee, and will obtain the required supplies on an as needed basis. Bidders must submit a unit price for each item on the quote form in order to be considered responsive. Alterations to the quote form or additions/deletions to the quote form may cause the quote to be deemed non-responsive and rejected from this procurement.

Each bidder must submit a unit price for each item described on the quote form. The Bidder shall provide an extended price for those items and a total cost for each category. A Purchase Order will be awarded to the bidder who submitted the lowest Total Cumulative Price for all items in each category.

The undersigned understands that the estimated quantities shown on the unit price schedule are for bidding purposes and are approximate only and subject to either increase or decrease. Should the quantity of the item change the undersigned proposes to supply plumbing, electrical, miscellaneous supplies and appliances at the unit prices set forth herein.

Pricing shall remain in effect from the date of issuance of a Purchase Order until December 31, 2015.
