1. Preparation of Offers
   (a) Offerors are expected to examine the statement of work, the
       proposed contract terms and conditions, and all instructions. Failure
       to do so will be at the offeror's risk.
   (b) Each offeror shall furnish the information required by the solicitation.
       The offeror shall sign the offer and print or type its name on the
       cover sheet and each continuation sheet on which it makes an entry.
       Erasures or other changes must be initialed by the person signing the
       offer. Offers signed by an agent shall be accompanied by evidence of
       that agent's authority, unless that evidence has been previously
       furnished to the HA.
   (c) Offers for services other than those specified will not be considered.

2. Submission of Offers
   (a) Offers and modifications thereof shall be submitted in sealed
       envelopes or packages (1) addressed to the office specified in the
       solicitation, and (2) showing the time specified for receipt, the solicitation
       number, and the name and address of the offeror.
   (b) Telegraphic offers will not be considered unless authorized by the
       solicitation; however, offers may be modified by written or telegraphic
       notice.
   (c) Facsimile offers, modifications or withdrawals will not be consid-
       ered unless authorized by the solicitation.

3. Amendments to Solicitations
   (a) If this solicitation is amended, then all terms and conditions which
       are not modified remain unchanged.
   (b) Offerors shall acknowledge receipt of any amendments to this
       solicitation by
       (1) signing and returning the amendment;
       (2) identifying the amendment number and date in the space
           provided for this purpose on the form for submitting an offer,
       (3) letter or telegram, or
       (4) facsimile, if facsimile offers are authorized in the solicitation.
       The HA/ HUD must receive the acknowledgment by the time
       specified for receipt of offers.

4. Explanation to Prospective Offerors
   Any prospective offeror desiring an explanation or interpretation of the
   solicitation, statement of work, etc., must request it in writing soon
   enough to allow a reply to reach all prospective offerors before the
   submission of their offers. Oral explanations or instructions given
   before the award of the contract will not be binding. Any Information
   given to a prospective offeror concerning a solicitation will be furnished
   promptly to all other prospective offerors as an amendment of the
   solicitation, if that information is necessary in submitting offers or if the
   lack of it would be prejudicial to any other prospective offerors.

5. Responsibility of Prospective Contractor
   (a) The HA shall award a contract only to a responsible prospective
       contractor who is able to perform successfully under the terms and
       conditions of the proposed contract. To be determined responsible,
       a prospective contractor must:

   (1) Have adequate financial resources to perform the contract, or
       the ability to obtain them;
   (2) Have a satisfactory performance record;
   (3) Have a satisfactory record of integrity and business ethics;
   (4) Have a satisfactory record of compliance with public policy
       (e.g., Equal Employment Opportunity); and
   (5) Not have been suspended, debarred, or otherwise determined to
       be ineligible for award of contracts by the Department of
       Housing and Urban Development or any other agency of the
       U.S. Government. Current lists of ineligible contractors are
       available for inspection at the HA/ HUD.
   (b) Before an offer is considered for award, the offeror may be
       requested by the HA to submit a statement or other documentation
       regarding any of the foregoing requirements. Failure by the offeror to
       provide such additional information may render the offeror ineligible for
       award.

6. Late Submissions, Modifications, and Withdrawal of Offers
   (a) Any offer received at the place designated in the solicitation after
       the exact time specified for receipt will not be considered unless it is
       received before award is made and it:

   (1) Was sent by registered or certified mail not later than the fifth
       calendar day before the date specified for receipt of offers
       (e.g., an offer submitted in response to a solicitation requiring
       receipt of offers by the 20th of the month must have been
       mailed by the 15th);
   (2) Was sent by mail, or if authorized by the solicitation, was sent
       by telegram or via facsimile, and it is determined by the HA/ HUD
       that the late receipt was due solely to mishandling by the
       HA/ HUD after receipt at the HA;
   (3) Was sent by U.S. Postal Service Express Mail Next Day
       Service - Post Office to Addressee, not later than 5:00 p.m. at
       the place of mailing two working days prior to the date specified
       for receipt of proposals. The term "working days" excludes
       weekends and U.S. Federal holidays; or
   (4) Is the only offer received.

   (b) Any modification of an offer, except a modification resulting from
       the HA's request for "best and final" offer (if this solicitation is a request
       for proposals), is subject to the same conditions as in subparagraphs
       (a)(1), (2), and (3) of this provision.

   (c) A modification resulting from the HA's request for "best and final"
       offer received after the time and date specified in the request will not
       be considered unless received before award and the late receipt is due
       solely to mishandling by the HA after receipt at the HA.

   (d) The only acceptable evidence to establish the date of mailing of
       a late offer, modification, or withdrawal sent either by registered or
       certified mail is the U.S. or Canadian Postal Service postmark both on
       the envelope or wrapper and on the original receipt from the U.S. or
       Canadian Postal Service. Both postmarks must show a legible date
       on the offer, modification, or withdrawal shall be processed as if mailed
       late. "Postmark" means a printed, stamped, or otherwise placed
       impression (exclusive of a postage meter machine impression) that is
       readily identifiable without further action as having been supplied and
       affixed by employees of the U.S. or Canadian Postal Service on the
       date of mailing. Therefore, offerors should request the postal clerk to
       place a hand cancellation bull's-eye postmark on both the receipt and
       the envelope or wrapper.

   (e) The only acceptable evidence to establish the time of receipt at
       the HA is the time/date stamp of HA on the offer wrapper or other
       documentary evidence of receipt maintained by the HA.
(f) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent by Express Mail Next Day Service-Post Office to addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined in paragraph (c) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors should request the postal clerk to place a legible hand cancellation builder's eye postmark on both the receipt and the envelope or wrapper.

(g) Notwithstanding paragraph (a) of this provision, a late modification of an otherwise successful offer that makes its terms more favorable to the HA will be considered at any time it is received and may be accepted.

(h) If this solicitation is a request for proposals, proposals may be withdrawn by written notice, or if authorized by this solicitation, by telegram (including telexgram) or facsimile machine transmission received at any time before award. Proposals may be withdrawn in person by a proponent or its authorized representative if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award. If this solicitation is an invitation for bids, bids may be withdrawn at any time prior to bid opening.

7. Contract Award

(a) The HA will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the HA, cost or price and other factors, specified elsewhere in this solicitation, considered.

(b) The HA may:
   (1) reject any or all offers if such action is in the HA's interest,
   (2) accept other than the lowest offer,
   (3) waive informalities and minor irregularities in offers received, and
   (4) award more than one contract for all or part of the requirements stated.

(c) If this solicitation is a request for proposals, the HA may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint.

(d) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. If this solicitation is a request for proposals, before the offer's specified expiration time, the HA may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counteroffer by the HA.

(e) Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract.

8. Service of Protest

Any protest against the award of a contract pursuant to this solicitation shall be served on the HA by obtaining written and dated acknowledgment of receipt from the HA at the address shown on the cover of this solicitation. The determination of the HA with regard to such protest or to proceed to award notwithstanding such protest shall be final unless appealed by the protestor.

9. Offer Submission

Offers shall be submitted as follows and shall be enclosed in a sealed envelope addressed to the office specified in the solicitation. The proposal shall show the hour and date specified in the solicitation for receipt, the solicitation number, and the name and address of the offeror, on the face of the envelope.

It is very important that the offer be properly identified on the face of the envelope as set forth above in order to ensure that the date and time of receipt is stamped on the face of the offer envelope. Receiving procedures are: date and time stamp those envelopes identified as proposals and deliver them immediately to the appropriate contracting official, and only date stamp those envelopes which do not contain identification of the contents and deliver them to the appropriate procuring activity only through the routine mail delivery procedure.

**PART IV - PROCUREMENT PROCESS**

4.1 **Proposal Evaluation/Contract Award**

Proposals received in response to this solicitation may be evaluated using a two-stage evaluation process. Stage I of the evaluation process will be used to determine the respondents that will comprise the short list, from which final selection for contract award will ultimately be made. Stage II of the evaluation process will be reserved for the short listed respondents only, and will be the basis for ultimate contract award. Scoring will be based upon how well the proposal meets the criteria established in this RFP.

During Stage I of the evaluation process, technical proposals will be evaluated and scored by an Evaluation Committee. The committee will score each proposal. Cost proposals may be evaluated separately by the Contracting Officer and/or his designee(s). Scoring will be based on predetermined Evaluation Criteria. The available points associated with each area of consideration are shown. The results of the evaluation of both technical and cost proposals will be used to determine those proposals to be considered in the competitive range and included on the short list.

Respondents included on the short list must have technical and cost proposals that are considered acceptable or potentially acceptable, have a reasonable chance of contract award, and satisfactorily complete a due diligence review (verification of contractor responsibility). Respondents with acceptable technical and cost proposals may be requested to supply additional information to assist in completing the due diligence review. Failure to satisfactorily
complete the due diligence review within the timeframe established by HANO will result in exclusion from the short list.

Stage II of the evaluation process may entail negotiations, interviews and/or presentations with the respondents on the short list. Respondents not included on the short list will not proceed to Stage II of the evaluation process. The purpose of the negotiations/interviews is to promote the understanding of HANO's requirements with respect to this RFP, promote the understanding of the respondents' proposals, and to arrive at agreeable contract terms. Upon completion of the negotiations/interviews, HANO will establish a common date and time for submission of best and final offers. Best and final offers will be evaluated in accordance with the same procedures outlined above for Stage I evaluation. The initial proposal submitted by Respondents who do not submit a best and final offer shall be construed as their best and final offer.

HANO reserves the right to make contract award without negotiations, and to make no award or decline to enter into negotiations should it believe that no respondent to this RFP will be capable of delivering the necessary level of services within an acceptable price range and/or time period. HANO further reserves the right to forego Stage II of the evaluation process and enter into negotiations with the highest ranked respondents from Stage I of the evaluation process. If an Agreement cannot be negotiated, HANO will terminate negotiations. Any subsequent contract awards to selected respondents are subject to HUD funding availability and final approval from the Housing Authority of New Orleans' Board of Commissioners, and/or the U.S. Department of Housing and Urban Development.

1) Non-construction contracts (without maintenance) greater than $100,000 - use Section I;
2) Maintenance contracts (including nonroutine maintenance as defined at 24 CFR 905.200) greater than $2,000 but not more than $100,000 - use Section II; and
3) Maintenance contracts (including nonroutine maintenance), greater than $100,000 – use Sections I and II.

Section II – Labor Standard Provisions for all Maintenance Contracts greater than $2,000

1. Minimum Wages
(a) All maintenance laborers and mechanics employed under this Contract in the operation of the project(s) shall be paid unconditionally and not less often than semi-monthly, and without subsequent deduction (except as otherwise provided by law or regulations), the full amount of wages due at time of payment computed at rates not less than the rate contained in the wage determination of the Secretary of Housing and Urban Development which is attached hereto and made a part hereof. Such laborers and mechanics shall be paid the appropriate wage rate on the wage determination for the classification of work actually performed, without regard to skill. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination, including any additional classifications and wage rates approved by HUD under subparagraph 1(b), shall be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.
(b) (i) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the Contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate only when the following criteria have been met:
(1) The work to be performed by the classification required is not performed by a classification in the wage determination;
(2) The classification is utilized in the area by the industry; and
(3) The proposed wage rate bears a reasonable relationship to the wage rates contained in the wage determination.
(ii) The wage rate determined pursuant to this paragraph shall be paid to all workers performing work in the classification under this Contract from the first day on which work is performed in the classification.

2. Withholding of funds
The Contracting Officer, upon his/her own action or upon request of HUD, shall withhold or cause to be withheld from the Contractor under this Contract or any other contract subject to HUD-determined wage rates, the same prime Contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics employed by the Contractor or any subcontractor the full amount of wages required by this clause. In the event of failure to pay any laborer or mechanic employed under this Contract all or part of the wages required under this Contract, the Contracting Officer or HUD may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment or advance until such violations have ceased. The Public Housing Agency or HUD may, after written notice to the Contractor, disburse such amounts withheld for and on account of the Contractor or subcontractor to the respective employees to whom they are due.

3. Records
(a) The Contractor and each subcontractor shall make and maintain for three (3) years from the completion of the work records containing the following for each laborer and mechanic:
(i) Name, address and Social Security Number;

(viii) Actual wages paid.
(b) The Contractor and each subcontractor shall make the records required under paragraph 3(a) available for inspection, copying, or transcription by authorized representatives of HUD or the HA and shall permit such representatives to interview employees during working hours on the job. If the Contractor or any subcontractor fails to make the required records available, HUD or its designee may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance or guarantee of funds.

4. Apprentices and Trainees
(a) Apprentices and trainees will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in:

Apprenticeship Training, Employer and Labor Services (OATELS), or with a state apprenticeship agency recognized by OATELS, or if a person is employed in his/her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by OATELS or a state apprenticeship agency (where appropriate) to be eligible for probationary employment as an apprentice; A trainee program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, ETA; or A training/trainee program that has received prior approval by HUD.

(b) Each apprentice or trainee must be paid at not less than the rate specified in the registered or approved program for the apprentice's/trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Apprentices and trainees shall be paid fringe benefits in accordance with the provisions of the registered or approved program. If the program does not specify fringe benefits, apprentices/trainees must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification.

(c) The allowable ratio of apprentices or trainees to journeyman on the job site in any craft classification shall not be greater than the ratio permitted to the employer as to the entire work force under the approved program.

(d) Any worker employed at an apprentice or trainee wage rate who is not registered in an approved program, and any apprentice or trainee performing work on the job site in excess of the ratio permitted under the approved program, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed.

The request shall set forth those findings that are in dispute and the reasons, including any affirmative defenses, with respect to the violations. The request shall be directed to the appropriate HA or HUD official in accordance with instructions contained in the notice of findings or, if the notice does not specify to whom a request should be made, to the Regional Labor Relations Officer (HUD). The HA or HUD official shall, within 60 days (unless otherwise indicated in the notice of findings) after receipt of a timely request for reconsideration, issue a written decision on the findings of violation. The written decision on reconsideration shall contain instructions that any appeal of the decision shall be addressed to the Regional Labor Relations Officer by letter postmarked within 30 calendar days after the date of the decision. In the event that the Regional Labor Relations Officer was the deciding official on reconsideration, the appeal shall be directed to the Director, Office of Labor Relations (HUD). Any appeal must set forth the aspects of the decision that are in dispute and the reasons, including any affirmative defenses, with respect to the violations. The Regional Labor Relations Officer shall, within 60 days (unless otherwise indicated in the decision on reconsideration) after receipt of a timely appeal, issue a written decision on the findings. Any appeal to the Director must set forth the aspects of the prior decision(s) that are in dispute and the reasons. The decision of the Director, Office of Labor Relations, shall be final.

(b) Disputes arising out of the labor standards provisions of paragraph 5 shall not be subject to paragraph 5(a) of this form HUD-5370C. Such disputes shall be resolved in accordance with the procedures of the U.S. Department of Labor set forth in 29 CFR Parts 5, 6 and 7. Disputes within the meaning of this paragraph 5(b) include disputes between the Contractor or any of its subcontractors and the HA, HUD, the U.S. Department of Labor, or the employees or their representatives.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the provisions set forth in paragraph 6(a), the Contractor and any
subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to the District or to such territory), for liquidated damages. (c) Withholding for unpaid wages and liquidated damages. HUD or its designee shall upon its own action or upon written request of an authorized representative of the U.S. Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such Contract or any federal contract with the same prime Contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the provisions set forth in paragraph (b) of this clause.

The prime Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the provisions contained in these clauses.

8. Non-Federal Prevailing Wage Rates

Any prevailing wage rate (including basic hourly rate and any fringe benefits), determined under state law to be prevailing, with respect to any employee in any trade or position employed under the Contract, is inapplicable to the contract and shall not be enforced against the Contractor or any subcontractor, with respect to employees engaged under the contract whenever such non-Federal prevailing wage rate, exclusive of any fringe benefits, exceeds the applicable wage rate determined by the Secretary of HUD to be prevailing in the locality with respect to such trade or position.

Part I: Policy, Purpose, Requirements, Definitions

A. Introduction and Summary

The Housing Authority of New Orleans (HANO) has established a policy whereby any contractor that transacts business with HANO must meet the requirements of HANO's Section 3 and DBE/WBE policy as outlined in this document. This policy applies to all contracts valued at $100,000 or greater. Contractors will: 1) offer Section 3 employment, training and employment skill building programs for eligible Section 3 residents and 2) provide Section 3 Business Concerns, Disadvantaged Business Enterprises (DBEs) as well as Woman Business Enterprises (WBES) with the maximum opportunity to participate in the performance of contracts awarded by HANO. HANO will make a good faith effort to recruit as many Section 3 eligible residents and businesses as possible for employment and instructional positions and contract opportunities, in an effort to provide economic opportunities for area residents and area business concerns.

This document serves to fulfill two (2) main objectives: 1) it outlines the Section 3 & Section 3 Business Concerns/DBE/WBE policy and program compliance measures of HANO, and 2) it contains program definitions, requirements, required forms, information on program assistance provided by HANO, and other information related to HANO's Employment, Training and Contracting Policy. This document replaces all previous policies and is in immediate effect as of the HANO Board approval date.

Requirements relative to contracting with DBEs/WBEs shall not apply to contracts less than $100,000 and shall not apply to contracts where the contractor is not subcontracting for any work, materials, supplies, services, etc, or when the sole source or specified items are not available from DBEs/WBEs.

100% of the participation of DBE/WBE suppliers shall count towards the requirements as long as the supplier maintains an inventory and/or significantly alters the product for distribution. In cases where the DBE/WBE supplier does not maintain an inventory and/or does not significantly alter products for distribution, only 25% of the DBE/WBE supplier’s participation shall count toward the requirements.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers
Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

* an existing published wage determination
* a survey underlying a wage determination
* a Wage and Hour Division letter setting forth a position on a wage determination matter
* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal
process described here, initial contact should be with the
Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an
interested party (those affected by the action) can request
review and reconsideration from the Wage and Hour Administrator
(See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the
interested party’s position and by any information (wage
payment data, project description, area practice material,
etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an
interested party may appeal directly to the Administrative
Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
