**NOTE:** All required submittal documents must be submitted with the proposal package.
1. Preparation of Offers

(a) Offerors are expected to examine the statement of work, the proposed contract terms and conditions, and all instructions. Failure to do so will be at the offeror’s risk.

(b) Each offeror shall furnish the information required by the solicitation. The offeror shall sign the offer and print or type its name on the cover sheet and each continuation sheet on which it makes an entry. Erasures or other changes must be initialed by the person signing the offer. Offers signed by an agent shall be accompanied by evidence of that agent’s authority, unless that evidence has been previously furnished to the HA.

(c) Offers for services other than those specified will not be considered.

2. Submission of Offers

(a) Offers and modifications thereof shall be submitted in sealed envelopes or packages (1) addressed to the office specified in the solicitation, and (2) showing the time specified for receipt, the solicitation number, and the name and address of the offeror.

(b) Telegraphic offers will not be considered unless authorized by the solicitation; however, offers may be modified by written or telegraphic notice.

(c) Facsimile offers, modifications or withdrawals will not be considered unless authorized by the solicitation.

3. Amendments to Solicitations

(a) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged.

(b) Offerors shall acknowledge receipt of any amendments to this solicitation by:

1. signing and returning the amendment;
2. identifying the amendment number and date in the space provided for this purpose on the form for submitting an offer;
3. letter or telegram, or
4. facsimile, if facsimile offers are authorized in the solicitation.

The HA/HUD must receive the acknowledgment by the time specified for receipt of offers.

4. Explanation to Prospective Offerors

Any prospective offeror desiring an explanation or interpretation of the solicitation, statement of work, etc., must request it in writing soon enough to allow a reply to reach all prospective offerors before the submission of their offers. Oral explanations or instructions given before the award of the contract will not be binding. Any information given to a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an amendment of the solicitation, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offerors.

5. Responsibility of Prospective Contractor

(a) The HA shall award a contract only to a responsible prospective contractor who is able to perform successfully under the terms and conditions of the proposed contract. To be determined responsible, a prospective contractor must:

1. Have adequate financial resources to perform the contract, or
2. The ability to obtain them;
3. Have a satisfactory performance record;
4. Have a satisfactory record of integrity and business ethics;
5. Have a satisfactory record of compliance with public policy (e.g., Equal Employment Opportunity); and
6. Not have been suspended, debarred, or otherwise determined to be ineligible for award of contracts by the Department of Housing and Urban Development or any other agency of the U.S. Government. Current lists of ineligible contractors are available for inspection at the HA/HUD.

(b) Before an offer is considered for award, the offeror may be requested by the HA to submit a statement or other documentation regarding any of the foregoing requirements. Failure by the offeror to provide such additional information may render the offeror ineligible for award.

6. Late Submissions, Modifications, and Withdrawals of Offers

(a) Any offer received at the place designated in the solicitation after the exact time specified for receipt will not be considered unless it is received before award is made and if it:

1. Was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to the solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th);
2. Was sent by mail, or if authorized by the solicitation, was sent by telegram or via facsimile, and it is determined by the HA/HUD that the late receipt was due solely to mishandling by the HA/HUD after receipt at the HA;
3. Was sent by U.S. Postal Service Express Mail Next Day Service - Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals. The term “working days” excludes weekends and U.S. Federal holidays; or
4. Is the only offer received.

(b) Any modification of an offer, except a modification resulting from the HA’s request for “best and final” offer (if this solicitation is a request for proposals), is subject to the same conditions as in subparagraphs (a)(1), (2), and (3) of this provision.

(c) A modification resulting from the HA’s request for “best and final” offer received after the time and date specified in the request will not be considered unless received before award and the late receipt is due solely to mishandling by the HA after receipt at the HA.

(d) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date or the offer, modification, or withdrawal shall be processed as if mailed late. “Postmark” means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors should request the postal clerk to place a hand cancellation bull’s-eye postmark on both the receipt and the envelope or wrapper.

(e) The only acceptable evidence to establish the time of receipt at the HA is the time/date stamp of HA on the offer wrapper or other documentary evidence of receipt maintained by the HA.
(f) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined in paragraph (c) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

(g) Notwithstanding paragraph (a) of this provision, a late modification of an otherwise successful offer that makes its terms more favorable to the HA will be considered at any time it is received and may be accepted.

(h) If this solicitation is a request for proposals, proposals may be withdrawn by written notice, or if authorized by this solicitation, by telegram (including mailgram) or facsimile machine transmission received at any time before award. Proposals may be withdrawn in person by a offeror or its authorized representative if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award. If this solicitation is an invitation for bids, bids may be withdrawn at any time prior to bid opening.

7. Contract Award

(a) The HA will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the HA, cost or price and other factors, specified elsewhere in this solicitation, considered.

(b) The HA may
   (1) reject any or all offers if such action is in the HA's interest,
   (2) accept other than the lowest offer,
   (3) waive irregularities and minor irregularities in offers received, and
   (4) award more than one contract for all or part of the requirements stated.

(c) If this solicitation is a request for proposals, the HA may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint.

(d) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. If this solicitation is a request for proposals, before the offer's specified expiration time, the HA may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counteroffer by the HA.

(e) Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract.

8. Service of Protest

Any protest against the award of a contract pursuant to this solicitation shall be served on the HA by obtaining written and dated acknowledgment of receipt from the HA at the address shown on the cover of this solicitation. The determination of the HA with regard to such protest or to proceed to award notwithstanding such protest shall be final unless appealed by the protestor.

9. Offer Submission

Offers shall be submitted as follows and shall be enclosed in a sealed envelope and addressed to the office specified in the solicitation. The proposal shall show the hour and date specified in the solicitation for receipt, the solicitation number, and the name and address of the offeror, on the face of the envelope.

It is very important that the offer be properly identified on the face of the envelope as set forth above in order to insure that the date and time of receipt is stamped on the face of the offer envelope. Receiving procedures are: date and time stamp those envelopes identified as proposals and deliver them immediately to the appropriate contracting official, and only date stamp those envelopes which do not contain identification of the contents and deliver them to the appropriate procuring activity only through the routine mail delivery procedure.

DEVELOPMENT OF VACANT PROPERTIES - 2018
RFQ #18-911-29

PART I - GENERAL BACKGROUND INFORMATION

Introduction/Background Information

The Housing Authority of New Orleans (HANO) is requesting proposals from Developers to develop one or more HANO-owned vacant properties. It is anticipated that HANO will negotiate one or more Master Development Agreement(s) with a Developer(s) to develop its vacant properties pursuant to this solicitation.

The successful Developer(s) shall demonstrate in the proposal, through a conceptual development plan(s), the ability to develop viable and sustainable mixed-income rental and mixed-use properties that provide a financial return to HANO through a revenue/income sharing arrangement and/or a ground lease. HANO reserves the right to reject any or all proposals for just cause, waive any formalities in the submission process, and negotiate and enter into an agreement with the Developer(s) on any of the properties, if it is in the best interest of the authority.

HANO is the largest Public Housing Authority in the State of Louisiana and has an existing team of experienced staff and consultants assembled to facilitate the redevelopment of its properties. To date, HANO’s redevelopment program represents an investment of over $1 billion in New Orleans communities from a variety of different funding sources. Funding was received from the U.S. Department of Housing and Urban Development (HUD) (Choice Neighborhood Initiative), Capital Fund; low income housing tax credit (LIHTC) equity; Louisiana Housing Corporation Housing Trust Funds and Disaster CDBG; City of New Orleans HOME, CDBG, bonds; conventional loans and other private financing.

Developers are encouraged to partner with, including joint venture partnerships that seek to build capacity in the development community, and utilize DBE, WBE and Section 3 business concerns to the greatest extent feasible.

Method of Solicitation/Selection

The Housing Authority of New Orleans (HANO) is requesting proposals from Developers to develop one or more HANO-owned vacant properties. It is anticipated that one or more Master Development Agreement(s) will be negotiated pursuant to this solicitation.

HANO is requiring that each respondent submit a proposal with a conceptual development plan(s) to develop vacant properties in accordance with HANO’s objective, which is outlined in the Summary of Services and Program Parameters contained in this RFQ. The proposal submitted by the Developer(s) selected to develop the properties will be the basis of negotiations to enter into a Master Development Agreement (MDA) with HANO.

The selected Developer(s) will be responsible for preparing a final master plan for the Development of properties, subject to the approval of HANO’s Board of Commissioners. The selected Developer(s) will also be responsible for implementation of the development, as outlined
in the approved MDA, and in accordance with the schedule as approved by HANO. The MDA between the selected Developer and HANO will be subject to the terms and conditions provided in HUD Form 5370-C, General Contract Conditions Non-Construction, and Supplemental Conditions. The Housing Authority of New Orleans reserves the right to reject any or all proposals for just cause, waive any informalities in the submission process, and negotiate with the Developer(s) on any of the properties proposed, if it is in the public interest to do so.

PART II – SCOPE OF SERVICES

2.1 Scope of Services

To assist with the revitalization of HANO’s vacant properties, Developers are requested to submit a proposal with a conceptual development plan(s) to develop one or more HANO-owned vacant properties, in accordance with the objectives outlined in the Summary of Services and Program Parameters. Properties may be developed into mixed-income rental, and where feasible, mixed-use sites. The list of HANO-owned Vacant Properties are contained in Appendix C of this RFQ.

In consideration for the development of rental housing that serves HANO clients through Project Based Vouchers (PBV) or public housing (ACC) units, HANO may provide fee simple title to existing HANO property whose appraised value and zoning capacity are commensurate with the value of the proposed housing development.

It is anticipated that Developers may consider using Project Based Vouchers (PBV) to assist with funding to operate the project. If the Developer does not wish to utilize 100% PBV to assist the project, then the project shall include a minimum of 2/3 affordable housing (80% AMI), and at least 25% public housing (ACC) or PBV.

For example, if the conceptual plan(s) include a total count of 12 units, 8 of those units shall be affordable, and 3 of the 8 affordable units must be public housing or PBV.

PBV rental assistance for units in a project is capped twenty-five (25) percent of the total number of dwelling units proposed exceed (assisted or unassisted) per project during the term of the PBV HAP Agreement. The PBV units will not count against the 25% per project cap if:

- The units are in a single-family building (a building with no more than four dwelling units (assisted or unassisted);
- The units are in a multifamily project and are being made available to the elderly or disabled families or families receiving family supportive services, which will be verified by HANO.

Developers may also submit proposals that consider development of market-rate housing, homeownership, and commercial development. Developers must demonstrate the capacity and readiness to perform the required services expeditiously, and provide specific evidence of a feasible financial strategy, based on market conditions, that provides a financial return to HANO through a revenue/income sharing arrangement, and/or a ground lease. The proposal shall demonstrate their specific experience and qualifications relative to the development of properties relative to the provision of such services outlined in their conceptual development plan(s).

Finally, the conceptual development plan(s) may include additional properties not owned by HANO. The Developer must be in control of the site, or must provide a detailed and feasible plan for acquiring site control.
Program Parameters

The MDA will delineate the roles and responsibilities of HANO and the Developer and the fee structure. Throughout development, the Developer will work closely with HANO staff, the residents, HANO consultants, and the City of New Orleans and its consultants. The Developer will be responsible for ensuring that the final Master Plan is approved, financed, constructed, and managed through the duration of any required compliance period.

The final Master Plan must create a blueprint for a successful, stable, diverse, safe, attractive and sustainable community. The plan shall include, and be consistent with, the Program Parameters outlined below:

1. Utilize HANO’s vacant properties.
2. Create new affordable and economically viable mixed-income communities that include rental housing, homeownership developments and non-residential (commercial) uses, if feasible.
3. Replicate the design setting and scale of the community, which may include a mixture of affordable, market rate rental and homeownership units, as determined to be viable and advantageous to the overall development plan.
4. Ensure all units, public housing and affordable, are indistinguishable from market rate units.
5. Create an environmentally sustainable community using processes that produce environmentally sound structures; seek resources that provide efficient means to environmental efficiency throughout a building’s life cycle, from design to construction, through operation and maintenance.
6. Pursue funding sources that are appropriate for sustainable development and leverage funding received to provide opportunities for profit sharing and partnerships. Development should create sustainable revenue streams for affordable housing reinvestment.
7. Provide public/private partnership alternatives for ownership, financing, development, property management, and community services.
8. Develop innovative strategies that exceed HANO’s Section 3, DBE/WBE requirements, as established in the policy, throughout the planning, developing, constructing and managing phases of the project.

Potential Resources

- Developers may apply for rental assistance to operate the properties using Section 8 Project Based Vouchers (PBV).
- HANO does not anticipate providing capital funds to develop these properties.
- HANO will provide operating subsidy for public housing units, as negotiated in the Regulatory and Operating Agreement (R&O).
- It is HANO’s intent to enter into a long-term ground lease with the Owner/Development Entity of the project on the majority of the properties. In instances of homeownership sale, HANO will obtain approval from HUD to deed the property to the homeowner.

PART IV – PROCUREMENT PROCESS

4.1 Proposal Evaluation/Contract Award

Proposals received in response to this solicitation may be evaluated using a two-stage evaluation process. Stage I of the evaluation process will be used to determine the respondents that will comprise the competitive range, from which final selection will be made. Stage II of the evaluation process will be reserved for the competitive range firms only. Scoring will be based upon how well the qualifications meet the criteria established in this RFQ.

During Stage I of the evaluation process, proposals will be evaluated and scored by an Evaluation Committee. Scoring will be based on predetermined Evaluation Criteria contained in the solicitation. The available points associated with each area of consideration are shown. The results of the evaluation will be used to determine those respondents to be included in the competitive range.

The competitive range shall include those respondents who are determined through the evaluation process and due diligence review (verification of contractor responsibility) to be the most qualified. These firms may be requested to supply additional information to assist in completing the due diligence review. Failure to satisfactorily complete the due diligence review within the timeframe established by HANO will result in exclusion from the short list.

Stage II of the evaluation process will entail presentation/interviews with the respondents on the short list. Respondents not included in the competitive range will not proceed to Stage II of the evaluation process. The purpose of the presentations/interviews is to provide the Evaluation Committee an opportunity to pose questions emanating from their review of the written responses and obtain clarifications. Stage II evaluation will be conducted upon completion of the presentations/interviews in accordance with the same procedures and criteria outlined above for Stage I evaluation.

HANO reserves the right to make no award or decline to enter into negotiations should it believe that no respondent to this RFQ will be capable of delivering the necessary level of services within an acceptable price range and/or time period. HANO further reserves the right to forego Stage II of the evaluation process and enter into negotiations with the highest ranked respondents from Stage I of the evaluation process. If an Agreement cannot be negotiated with the firm(s), HANO will terminate negotiations. Any subsequent contract awards to selected respondents are subject
to HUD funding availability and final approval from the Housing Authority of New Orleans' Board of Commissioners, and/or the U.S. Department of Housing and Urban Development.

(b) If any such change causes an increase or decrease in the hourly rate, the not-to-exceed amount of the contract, or the time required for performance of any part of the work under this contract, whether or not changed by the order, or otherwise affects the conditions of this contract, the HA shall make an equitable adjustment in the not-to-exceed amount, the hourly rate, the delivery schedule, or other affected terms, and shall modify the contract accordingly.

3. Termination for Convenience and Default

(a) The HA may terminate this contract in whole, or from time to time in part, for the HA's convenience or the failure of the Contractor to fulfill the contract obligations (default). The contractor shall not commit or permit any act that will interfere with the performance of work by any other contractor or HA employee.

20. Liens

The Contractor is prohibited from placing a lien on HA's property. This prohibition shall apply to all subcontractors.

21. Training and Employment Opportunities for Residents in the Project Area (Section 3, HUD Act of 1968; 24 CFR 135)

(a) The work to be performed under this contract is subject to the requirements of section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701q (section 3). The purpose of section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

(b) The parties to this contract agree to comply with HUD's regulations in 24 CFR Part 135, which implement section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the Part 135 regulations.

(c) The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the section 3 preference, shall set forth minimum number and job titles subject to hire, availability of
apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

(d) The contractor agrees to include this section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR Part 135.

(e) The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR Part 135.

(f) Noncompliance with HUD's regulations in 24 CFR Part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

22. Procurement of Recovered Materials

(a) In accordance with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, the Contractor shall procure items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition. The Contractor shall procure items designated in the EPA guidelines that contain the highest percentage of recovered materials practicable unless the Contractor determines that such items: (1) are not reasonably available in a reasonable period of time; (2) fail to meet reasonable performance standards, which shall be determined on the basis of the guidelines of the National Institute of Standards and Technology, if applicable to the item; or (3) are only available at an unreasonable price.

Part I: Policy, Purpose, Requirements, Definitions

A. Introduction and Summary

The Housing Authority of New Orleans (HANO) has established a policy whereby any contractor that transacts business with HANO must meet the requirements of HANO's Section 3 and DBE/WBE policy as outlined in this document. This policy applies to all contracts valued at $100,000 or greater. Contractors will: 1) offer Section 3 employment, training and employment skill building programs for eligible Section 3 residents and 2) provide Section 3 Business Concerns, Disadvantaged Business Enterprises (DBEs) as well as Woman Business Enterprises (WBEs) with the maximum opportunity to participate in the performance of contracts awarded by HANO. HANO will make a good faith effort to recruit as many Section 3 eligible residents and businesses as possible for employment and instructional positions and contract opportunities, in an effort to provide economic opportunities for area residents and area business concerns.
