Complete both applications at the same time.

Get 2 copies of everything: transcript, ACT scores, and recommendations

Ask each reference (including the agency ED) for 2 copies of the recommendation addressing both to: NAHRO Scholarship Committee

If an applicant can qualify in both the resident and child of staff categories, he/she has a better chance of being awarded in the resident category. More scholarships are awarded in the resident category than in the child of staff category. An applicant will not be awarded a scholarship in both categories. This applies to both the LHC and the Southwest scholarships. If you qualify in both the resident and child of staff categories and you have questions about this please contact me.

Contact your agency for help with this process if needed. They have access to the applications and may be able to help with the mailing of the applications. You may use additional paper to answer questions.

I will be glad to answer any questions you may have.
